A slide title

- ▶ A bulleted item
- ▶ Another item
 - ▶ With sub-bullets
 - ▶ And another, with some **bold** text
- ▶ And another, at the top level, with *italic* text

A 50-50 split slide

- ▶ This side has a bullet
- ▶ And another bullet, with text that wraps if it's long

Figure: A figure caption

Full-slide figure

Figure: The figure's caption

A slide with centered text

Some statement that is centered.

(a small note)

A slide with some code

```
/* some code */  
def foo(x):  
    return x**0.5 + 2*x
```

```
/* some can be highlighted */  
foo(3)
```

Some explanatory text, in red,
with some monospace text.

There might be some math, too:

$$\sqrt{x} + 2x$$

A slide with some bracketed text

- ▶ Some statement [Some citation]
- ▶ Another statement [Another citation]
- ▶ A final statement [The last citation]

(a small note)

A slide with some text and a link

- ▶ This slide has some text along with a link
 - ▶ **Some bold text:** followed by an explanation
 - ▶ **More bold text:** followed by more text
- ▶ Another bullet, with sub-bullets
 - ▶ A sub-bullet
 - ▶ Another sub-bullet, with more text
